CUSTOMISE YOUR CHAIR

The new Spark PostureSoftTM chair takes the very popular ErgoSelectTM Spark chair to another level.

Enjoy the comfort of the **PostureSoftTM** Gel Memory foam lumbar support. You can feel the backrest as it slowly moulds to the shape of your back. The lumbar pump and backrest height adjustment both add to the fine tuning that gets your backrest to feel perfect.

So what's different about the Spark Posturesoft chair

- **PostureSoftTM** Gel Memory foam lumbar support
- Warwick Dolly fabric with 3 year warranty
- Foam backed fabric on the backrest for added comfort
- Premium stitching details

10 YEAR

SPECIFICATIONS

The PostureSoft™ lumbar support makes the best selling ErgoSelect™ Spark chair even better.

The **PostureSoft™** lumbar support utilises gel foam technology with the added benefit of an adjustable lumbar pump for simple personalisation of your chair.

The heavy duty mechanism with independent back and seat tilt, seat depth adjustment, back height and lumbar adjustment promotes an ergonomically correct seating position with ease.

Standard options for your Spark PostureSoft™ Chair

Backrest	High back or Mid back
Seat	Compact, Ergo, Square, XL or Coccyx cut out
Mechanism	3 lever or 4 lever
Gaslift	130mm (std) or 100mm (low)
Base	Polished Aluminium or black nylon
Castors	Hard STD (for carpet) or soft (hard floors)

See website for complete dimensions & specifications.

* Guarantee

The ErgoSelect™ range is covered by 10 year manufacturers guarantee for faulty workmanship and material from the date of invoice. The guarantee does not cover fair wear and tear or misuse. For full details please see our web site.

** Indicative sitting time and weight rating

These are indicative and should be treated as such, the sitting time is our suggested use and is more about your sedentary health than the function of the chair. The weight rating is the maximum we guarantee the chair for as tested.

BUILD YOUR OWN CHAIR

ErgoSelectTM is a system that allows you to “Build your own chair”

So which options do you choose? – some options like gaslift height, seat size and back height can be determined by your size, or your working situation.

Other options like mechanisms are more personal and relate more to how you prefer to work.

With ErgoSelectTM it is possible to create a chair to your specification, and with the added benefit of PostureSoftTM gel memory foam in the lumbar region the comfort and fit are even better.
